

Dear Sirs:

CORRESPONDENCE  
8/3/2021  
DOCUMENT NO. 08654-2021

Dkt # 20210034

This letter is in response to the rate increase request by TECO Electric. As a recent new resident of Florida I do not see the need for the significant increase they are requesting. These major utility companies always ask for more than they actually need because they know that a smaller increase is always approved by the board!! The increase of \$ ~~6.95~~ <sup>6.95</sup> per month for the basic service charge is ridiculous, plus increases in all other services. As a retired person this puts a strain on all of retired individual. Please examine the facts and we count on you to represent the people.
