I'm opposed to this rate at this time, I'm on a limited Income with Social security and a small pension. I'm still paying off my home loan of \$100,000. Not including my credit cards. I have no other means of income. Gas, groceries, water, trash and other essentials have gone up. I can't go the solar panels route. I can't believe that your organization has decided to join the band wagon. Please hold off at least two years until I can get debts lowered.

Thanking you in advance,
I remain Fred Santillan
