## Relocation Information

**On-site Relocation**  
 Is this recipient site unit on public conservation land and is contiguous to the proposed public project?  Yes  No  
 For on-site relocation to short-term protected or unprotected units complete the following section

### Unit

How long will gopher tortoises be temporarily enclosed ? months  
 For on-site relocation to public conservation land that is contiguous to the proposed public project, complete the following section

### Unit

For off-site relocation complete the following section

## Recipient Site

Total Gopher Tortoises to be Relocated : 153  
 Total Reserved Capacity : 153

## Method of Capture

- Capture gopher tortoises using bucket traps
- Capture gopher tortoises using live traps
- Capture gopher tortoises using hand shovel excavation of gopher tortoise burrows
- Transport, marking and release of gopher tortoises
- Supervise backhoe excavation of gopher tortoise burrows to capture gopher tortoises
- Use a pulling rod to remove and capture gopher tortoises from their burrows

Please note that gopher tortoise habitat was considered to be all upland areas that intersected the corridor. Only areas marked as wetland on the burrow maps was not surveyed during the 100% survey. During the 100% survey, belt transects with a width varying from 10-25 feet and parallel with the project right-of-way were traversed during the 100% survey.	9/21/2020 7:27:00 AM
The burrow maps provided show all burrows located in the project workspace during the 100% survey. Burrows have been classified into four categories: Abandoned (no relocation required), Avoid (potentially-occupied burrows that can be safely avoided during construction), Conservation Permit (potentially-occupied burrows that will be relocated under this permit), and Exclusion Permit (potentially-occupied burrows that will be relocated under a separate temporary exclusion permit).	9/2/2020 9:44:41 AM
This application is for offsite relocation of tortoises not located on State or federal lands. Tortoises located on these public lands will be temporarily excluded under a separate permit request. The burrow map provided categorizes the burrows by temporary exclusion or conservation permit.	9/1/2020 8:30:52 AM
