Subject: We Can't Afford Higher Rates from FPL

Chairman Gary Clark,

I am writing as a concerned customer of Florida Power & Light (FPL). I received notification that FPL intends to increase rates for customers like me. I am urging you to rethink this decision and not increase our bills.

This past year has been extremely challenging financially for many people in the state of Florida. A rate increase is the last thing we need, especially for vulnerable folks who may be on a fixed income or struggling to find work. I am on social security only and this increase would hurt!

Please reconsider this rate increase.
