Subject: Little Gasparilla Sewer

I own a house on Little Gasparilla Island and I would like to voice my objection to the proposal and ask the PSC to deny the EU Application for Original Certificate of Authorization.

1. I question the need for the service.
2. I question the applicants financial ability to install and sustain, I mean shouldn't this be a government project if it's so vital?
3. Has the applicant any technical expertise or could the commission be responsible for a major environmental catastrophe if the applicant messes up.
4. The rates that have been tossed around for homeowners are ridiculous.
