Subject: FPL Rates

I see that the commission allowed FPL to increase my rate by 17%. This is disappointing and I don't know how you think this is going to be ok for Floridians. I cannot raise my rates to compensate so I will probably be out of business soon.

A 17% increase from Gulf Power to FPL. I'm using less energy and paying more.

Who does the PSC represent the people or the utilities?

Fix this
