Dear commissioner, we are residents of palm island resort.

7277 rum bay drive 5222

We are for the sewer. We have been exposed to red tide and watched huge fish kills. With the large number of lots sold and building beginning, more septic fields will go in. We sit so close to the water. We need to remove the waste to protect our beaches and fisheries. Please save our beaches.

**Importance:** Low

My husband & I, Stewart & Sharon Saad, own 3 lots on Palm Island. One lot is developed and the other 2 lots will be developed in the near future.  
We support Environmental Utilities efforts to convert septic to sewer.  
Septic is very toxic and horrible for the environment.  
Thank you,  
Stewart & Sharon Saad
