Subject: 20200226-SU docket

Dear PSC members,
I own 190 ,S Gulf Blvd,Palm Island and have the following comments on the sewer proposal.

I would be OK with a sewer installed by the county or State.

I object to a private entity as proposed because

They do not have a track record of providing sewer services on a large scale.
I do not see their proposal being approved by state entities as meeting FL standards.
I do not see state or county control of pricing as per utility.
There is no price guarantee nor controls on future increases.
They do not have adequate backup for possible failures due to power or blockage.

Please encourage the county to provide an alternative.

Thanking you,
Sincerely,
Roshan Sivagnanam
