DOCKET NO. 20220001-EI
ORDER NO. PSC-2022-0091-CFO-EI
ISSUED: February 21, 2022

ORDER GRANTING DUKE ENERGY FLORIDA, LLC'S
FIRST REQUEST FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 09202-2019)

On April 21, 2021, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida, LLC (DEF) filed a First Request for Extension of Confidential Classification (Request) of portions of the direct testimony of Richard A. Polich (pages ii, 7, 8, and 16-22) and Exhibit Nos. RAP-3, RAP-6, RAP-7 and RAP-8 attached to his testimony (Document No. 09202-2019). This material was originally granted confidentiality by Order No. PSC-2019-0439-CFO-EI, issued October 22, 2019.

Request for Confidential Classification

DEF contends that the information contained in portions of the direct testimony of Richard A. Polich (pages ii, 7, 8, and 16-22) and Exhibit Nos. RAP-3, RAP-6, RAP-7 and RAP-8, more specifically described in Exhibit C to its Requests, continues to constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. DEF asserts that this information is intended to be and is treated by DEF as private and has not been publicly disclosed.

The information contained portions of the direct testimony of Richard A. Polich (pages ii, 7, 8, and 16-22) and Exhibit Nos. RAP-3, RAP-6, RAP-7 and RAP-8 consists of proprietary third-party drawings, pictures, and technical information regarding the third-party's proprietary component design and operation parameters for the Bartow Unit 4. DEF contends that the disclosure of this information would impair its efforts to negotiate with third-party vendors in the future on the most favorable terms possible. DEF argues that this information is protected by Sections 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information continues to satisfy the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information contained in the direct testimony of Richard A. Polich (pages ii, 7, 8, and 16-22) and Exhibit Nos. RAP-3, RAP-6, RAP-7 and RAP-8, if disclosed, could adversely impact DEF's competitive interests as well as the competitive interests of its third-party vendors. Disclosure of third-party vendor information will also impair DEF's ability to enter into the most cost effective contracts with third-party vendors in the future. Thus, the information identified in Document No. 09202-2019 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Mike La Rosa, as Prehearing Officer, that Duke Energy Florida, LLC's First Request for Extended Confidential Classification of Document No. 09202-2019 is granted, as set forth herein. It is further

ORDERED that the information in Document No. 09202-2019 for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Mike La Rosa, as Prehearing Officer, this 21st day of February, 2022.
