Subject: RE. Docket #20200226-SU

To: PSC

We are writing to ask you to **deny** EU's application for wastewater service.

We have not requested sewer service nor do we have any need for sewer service. The lack of information regarding the finances of this project concerns us extremely. At the hearings the lack of EUs technical expertise was brought up several times. This too is concerning. The costs associated with this would be an unnecessary hardship on us. The disruption to the native flora and fauna would be huge and again, for no necessary reason.

We appreciate your time and hope that you will see that this project is not what we need and thus deny the application from EU.

Thank you,
Lisa & Richard Haney
