I moved from South Florida 27 years ago after living there 30 years. I knew that FPL, once they became the whole power source for Florida, would dominate rate increases. FPL was outrageous then. This prediction has come true. We all understand lobbyist, and they have won. We all ask that you review this and bring FPL under control as a monopoly especially now with the war going on, inflation, and a Covid epidemic and Biden predicts more inflation.

Sincerely,  
Judy Simms.
