Public Utilities Company.

DOCKET NO. 20220049-EI  
ORDER NO. PSC-2022-0201-CFO-EI  
ISSUED: June 9, 2022

ORDER GRANTING FLORIDA PUBLIC UTILITIES COMPANY'S REQUEST FOR  
CONFIDENTIAL CLASSIFICATION OF DOCUMENT NO. 02981-2022 AND GRANTING  
MOTION FOR TEMPORARY PROTECTIVE ORDER

On May 17, 2022, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Public Utilities Company ("FPUC") filed a Request for Confidential Classification (Request) of information contained in its response to the Office of Public Counsel's ("OPC") Fourth Request for Production of Documents No. 4.e and Motion for Protective Order. These have been assigned Document No. 02981-2022. This request was filed in Docket No. 20220049-EI.

Request for Confidential Classification

FPUC contends that the information contained in Document No. 02981-2022, specifically, a diagram of the connections between distribution and transmission facilities on Amelia Island, constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPUC asserts that this information is intended to be and is treated by FPUC as private and has not been publicly disclosed.

FPUC contends that the highlighted diagram contains information that FPUC treats as proprietary confidential business information. FPUC contends that the information includes trade secrets, as well as security measures, systems, or procedures. FPUC argues that such information is entitled to confidential classification pursuant to Section 366.093(3)(c), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (c) Security measures, systems, or procedures.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in FPUC's Request appears to contain information concerning security measures, systems, or procedures, which is confidential in nature, and public disclosure of which would harm the company or its ratepayers. Thus, the information identified in Document No. 02981-2022 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPUC or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

### **Motion for Temporary Protective Order**

FPUC also seeks protection of the documents as provided in Subsection 366.093(2), F.S. and Rule 25-22.006(6), F.A.C., while the material is in possession of OPC. Subsection 366.093(2), F.S., directs that all records produced pursuant to a discovery request for which proprietary confidential status is requested shall be treated by any party subject to the public records law as confidential and exempt from the public records law. Subsection 119.07(1), F.S. Rule 25-22.006(6), F.A.C., codifies the Commission's policy regarding the protection of confidential information from public disclosure during the discovery process in a manner that is not overly burdensome to both parties. Rule 25-22.006(6)(a), F.A.C., in pertinent part, states:

In any formal proceeding before the Commission, any utility or other person may request a protective order protecting proprietary confidential business information from discovery. Upon a showing by a utility or other person and a finding by the Commission that the material is entitled to protection, the Commission shall enter a protective order limiting discovery in the manner provided for in Rule 1.280, Florida Rules of Civil Procedure.

Upon consideration of FPUC's assertions of the confidential nature of the information contained in OPC's Fourth Request for Production of Documents No. 4.e, FPUC's Motion for Temporary Protective Order is hereby granted. As a result, this information shall be protected from disclosure pursuant to Rule 25-22.006(6), F.A.C.

Based on the foregoing, it is hereby

ORDERED by Commissioner Mike La Rosa, as Prehearing Officer, that Florida Public Utilities Company's Request for Confidential Classification of Document No. 02981-2022 is granted. It is further

ORDERED that Florida Public Utilities Company's Motion for Temporary Protective Order of the information in Document No. 02981-2022 is granted. It is further

ORDERED that the Temporary Protective Order shall extend not only to the Office of Public Counsel, but also to any consultants or advisors with whom the Office of Public Counsel has contracted for purposes of this proceeding. It is further

ORDERED that the information in Document No. 02981-2022 for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Florida Public Utilities Company or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Mike La Rosa, as Prehearing Officer, this 9th day of June, 2022.

This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Office of Commission Clerk, in the form prescribed by Rule 25-22.0376, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
