COMPLAINT INFORMATION

Complaint: Improper Billing against Florida Power & Light Company
Details:

The minimum bill "fee" instituted by Fpl effectively triples my annual costs with no additional service provided to me. This is not fair to consumers who purchased solar systems that return usage to the power grid. Especially considering the NextEra corporation posted a net income of \$3.5 billion last year alone. My extra \$200 cannot impact them that greatly, even with 14,000 solar metered customers.

I would like this "fee" to be reversed.
