In re: Fuel and Purchased Power Cost Recovery Clause with Generating Performance Incentive Factor	Docket No: 20220001-EI Date: June 14, 20222
---	--

**FLORIDA POWER & LIGHT COMPANY’S SECOND
REQUEST FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION OF
MATERIALS PROVIDED PURSUANT TO AUDIT NO. 2018-058-1-1**

Pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company (“FPL”)¹ hereby submits its Second Request for Extension of Confidential Classification of certain material provided to the Staff of the Florida Public Service Commission (“Staff”) pursuant to the Commission’s review of pre-consolidated Gulf’s 2018 hedging settlements, Audit No. 2018-058-1-1 (“Confidential Information”). In support of this Request, FPL states as follows:

1. On September 20, 2018, Gulf filed a request for confidential classification of the Confidential Information (Document No. 06149-18, Docket No. 20180001-EI) (“September 20, 2018 Request”). By Order No. PSC-2018-0607-CFO-EI, dated December 21, 2018 (“Order 0607”), the Commission granted Gulf’s June 17, 2020 Request. FPL adopts and incorporates by reference the September 20, 2018 Request and Order 0607.

2. On June 17, 2020, Gulf filed a Request for Extension of Confidential Classification (“June 17, 2020 Request”). By Order No. PSC-2020-0492-CFO-EI, dated December 14, 2020 (“Order 0492”), the Commission granted Gulf’s June 17, 2020 Request. FPL adopts and incorporates by reference the June 17, 2020 Request and Order 0492.

¹ As of January 1, 2022, Gulf Power Company (“Gulf”) no longer exists as a separate utility. FPL and the former Gulf Power Company are one consolidated ratemaking entity. The original Request for Confidential Classification and the underlying data submitted with that filing pertains to pre-consolidation operations of Gulf.

3. The period of confidential treatment granted by Order 0492 will soon expire. The Confidential Information that was the subject of Gulf's June 17, 2020 Request and Order 0492 warrants continued treatment as proprietary and confidential business information within the meaning of Section 366.093(3), Fla. Stat. Accordingly, FPL hereby submits its Second Request for Extension of Confidential Classification.

4. All of the information designated in the June 17, 2020 Request remains confidential. Accordingly, Exhibits A, B and C will not be reproduced or reattached herein. Included as Exhibit D is the declaration of Richard Hume in support of this request.

5. The Confidential Information is intended to be and has been treated by pre-consolidation Gulf and FPL as private, its confidentiality has been maintained, and its disclosure would cause harm to FPL and its customers. Pursuant to Section 366.093, Fla. Stat., such information is entitled to confidential treatment and is exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

5. As stated in Gulf's original request and the declaration included as Exhibit D, the Confidential Information contains information that relates to competitive interests, the disclosure of which would impair the competitive interests of FPL. Specifically, this information contains details of pre-consolidation Gulf's hedging activities between August 2017 and July 2018, target ranges for hedging transactions, and pricing terms. This information is subject to non-disclosure obligations. Furthermore, disclosure of the pricing terms may result in counterparties refusing to

conduct business with FPL, or they may charge higher prices. This information is protected by Sections 366.093(3)(d) and (e), Fla. Stat.

7. Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted remains protected from disclosure up to 18 months unless good cause is shown to grant protection from disclosure for a longer period. Currently, the Commission retains audit reports for period of seven years at which time the audit materials are returned to FPL unless Commission staff or another affected person requests that these audit materials continue to be retained. The nature of these materials will not change in the next three years. Therefore, to promote administrative efficiency, FPL requests confidential classification for a period of thirty-six (36) months. Upon a finding by the Commission that the Confidential Information remains proprietary and confidential business information, the information should not be declassified for at least an additional thirty-six (36) month period and should be returned to FPL as soon as it is no longer necessary for the Commission to conduct its business. See § 366.093(4), Fla. Stat.

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials, Florida Power & Light Company respectfully requests that its Second Request for Extension of Confidential Classification be granted.

Respectfully submitted,

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Fuel and Purchased Power Cost
Recovery Clause with Generating
Performance Incentive Factor by Florida
Power & Light Company

Docket No: 20220001-EI

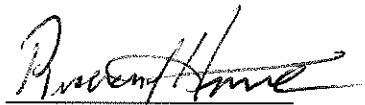

DECLARATION OF RICHARD HUME

1. My name is Richard Hume. I am currently employed by Florida Power & Light Company ("FPL") as Regulatory Issues Manager. I have personal knowledge of the matters stated in this written declaration.

2. I have reviewed the documents referenced and incorporated in FPL's Second Request for Extension of Confidential Classification of Materials Provided Pursuant to Audit No. 2018-058-1-1 for which I am identified as a declarant. The documents which are asserted by FPL to be proprietary confidential business information contain or constitute information relating to competitive interests. Specifically, the information contains details concerning pre-consolidated Gulf Power's hedging activities between August 2017 and July 2018, and target ranges for hedging transactions and pricing terms. This information is subject to non-disclosure obligations. Furthermore, disclosure of the pricing terms may result in counterparties refusing to conduct business with FPL, or they may charge higher prices. To the best of my knowledge, FPL has maintained the confidentiality of this information.

3. Nothing has occurred since the issuance of Order No. PSC-2020-0492-CFO-EI to render the designated information stale or public, such that continued confidential treatment would not be appropriate. Therefore, consistent with the provisions of the Florida Administrative Code, such materials should remain confidential for a period of thirty-six (36) months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Under penalties of perjury, I declare that I have read the foregoing declaration and that the facts stated in it are true to the best of my knowledge and belief.

Richard Hume
