Tallahassee, FL 32399-0850

Dear Commissioners:

We are permanent, year round residents of Florida. We saved and put aside money to afford solar panels for our retirement years knowing we would be on a fixed income. We had been paying \$9.23 per month to FPL for a base charge. You recently made changes raising our bill to \$25.66 a month that we must pay even though we are generating our own electricity. We can understand the fee is necessary for part time Florida residents but feel we are being penalized for having solar panels.

We respectfully request that you make an exception for year round residents with solar panels and remove the additional base fee. Thank you for your consideration.

Very truly,

  
Mary L Webb
