Subject: DOCKET NO. 20220064-WS

Dear Sir/Madam

This is in reply to an application for transfer of water and wastewater facilities of Tymber Creek Utilities, Inc., water certificate No. 303-W, and wastewater certificate No. 252-S to CSWR-Florida utility operating company, LLC, in Volusia County.

I am opposed to this sale due to the current owner failing to adequately replace damage to our subdivision through repairs to sewer and or water infrastructure. Until the streets or driveways that have been affected by this poor stewardship are restored their condition before disruption due to their repairs, this transfer should not proceed. The sale contract states new owner would not be required to address back issues.

Please do not give your consent for this transfer.
