Commissioner Andrew Fay,

Re: 20220067-GU

I am writing as a concerned Florida resident and a natural gas customer. I received notification that my natural gas supplier intends to increase rates for customers like me. I am urging you to rethink this decision and not increase our bills.

This past year has been extremely challenging financially for many people in the state of Florida. A rate increase is the last thing we need, especially for vulnerable folks who may be on a fixed income or struggling to recover financially from the pandemic. We are all inundated with price increases on everything.

I urge you to reconsider this rate increase at this time.

Commissioner Andrew Fay,

Re: 20220067-GU

I am writing as a concerned Florida resident. I have seen my gas bill and electricity bill skyrocket over the last year, despite lessening my usage. Many in the panhandle area are now having to choose between paying their electric bill and feeding their families. The price hike is crushing us, and we can't afford to keep bleeding money for smaller and smaller amounts of service delivered.
