Florida Public Service Commission Clerk,

Re: 20220067-GU

I am writing as a concerned Florida resident and a natural gas customer. I am urging you to rethink this decision and NOT increase our bills.

This past year has been extremely challenging financially for many people in this state. A rate increase is the last thing we need, especially for vulnerable folks on a fixed income or recovering financially from a pandemic. We are all inundated with price increases on everything.

I urge you to reconsider this rate increase at this time. The rates that utilities charge are not always reasonable...You may disagree. Perhaps just using common sense would work here.

Does that exist anymore where you are?

Thanks for your time if anyone actually reads these letters...
