COMPLAINT INFORMATION

Complaint: Other Complaint against Gulf Power Company

Details:

As you may have heard, on Friday, September 2, Florida Power and Light filed for a rate increase with the Florida Public Service Commission because of an increase in the cost of natural gas which they say is a "direct pass through" cost to the customer. I have filed a complaint with the Florida Public Service Commission advocating a denial of their request. I am urging others to follow. Remember - they promised rates would DECREASE over the next several years. It's time to hold them accountable. I urge you to make your voice known not only to the Florida Public Service Commission but to your elected representatives.
