Florida Public Service Commission Clerk,

Docket No. 20220001-EI

I recently heard that you will soon be considering proposals from FPL, Duke and Tampa Electric to increase my electricity rates next year.

I urge you remember your mission to set fair rates for consumers in Florida. These companies have made windfall profits over the last few years, and yet each time they ask you

for more, you have approved their rate increases. It seems that no amount is too high. It's time to stand up for your fellow Florida energy consumers.

Another electricity rate increase is the last thing we need, especially for vulnerable folks who may be on a fixed income or struggling to recover financially from the pandemic. We are all inundated with price increases on everything. Unlike these companies, we haven't recovered financially.

Please reject these rate increases.

Thank you for standing up for Floridians.
