Subject: Docket No. 20220001-EI: No new electric rate hikes!

Florida Public Service Commission Clerk,

Docket No. 20220001-EI

I am a lifelong Floridian, mother of three, home owner, green schools advocate with the Florida PTA.

I received notification that FPL, Duke and Tampa Electric intend to increase rates for customers like me and cash strapped schools. I am urging you to rethink this decision and not increase energy bills for homeowners and schools.

This past year has been extremely challenging financially for many people in the state of Florida. Teachers are not getting paid enough to stay in this state and school cannot possible absorb a 15% rate increase on the second biggest expense after teacher salaries.

A rate increase is the last thing we need, especially for vulnerable folks who may be on a fixed income or struggling to recover financially from the pandemic. We are all inundated with price increases on everything.

I urge you to reject these outrageous rate increases at this time.
