Subject: Fw: Florida City Gas Hearings

Sorry, wrote your email incorrectly in my message to all Commissioners. Had an “undeliverable” response. Here is the message:

Regarding the hearings for Florida City Gas rate increase, please consider:

1. I understand costs are up everywhere and salaries for workers might need increase too, but increasing each home’s bill by \$8.00 - \$10.00 per month is excessive.
2. Many of Florida residents are retirees on a fixed budget and at an age where no one would offer us employment even part time. That increase amount would cover eggs, bread, rice and beans for at least a week.
3. Most of the charges in our FCG bills are service charges and taxes. E.g. my gas consumption is usually \$3.32 but there is a basic service charge of \$12.00, an energy charge of \$3.09, a safe charge of \$3.17, a utility tax of \$1.88 and a gross receipts tax of \$0.21. So my monthly bill is around \$23.67 and does not fluctuate much. I only use gas for the water heater. I live alone in a small apartment. What I pay in taxes and service fees is already excessive. This really kills the concept that gas is less expensive than electricity.
4. On this budget I see no logic to receive an \$8.00 or \$10.00 rate increase
5. Lastly but very important, if that increase is approved, I would have to close my gas account. Simply cannot afford it.

Hope this serves a purpose as I know many other retirees are struggling with increased costs in everything. And hope you can do something about it.

Respectfully submitted,
