Hello Killer Whale,

I just read your column Mike, I believe you're on the right track but in the wrong lane.

It's obvious you're not the only customer who

Has been a victim of this senseless charade !!!!!.

Maybe it's time to go full throttle on this problem. The FTC may play an important role in this dilemma being it's an election year.

What ever your political party is why not bring it to their attention and see if there's a political ear who may make a name for themselves. Female as well as Male?

Rgts,

TJ

I did not send an e-mail request to Governor DeSantis. I forwarded a typed letter that was notarized to request the Governors direct assistance.

Your response does not surprise me, as I am the innocent victim of circumstance who is being monetarily penalized for no good cause by FPL.

The FPSC made an honest mistake when they incorrectly approved of the request by FPL.

In the interim I sincerely hope that Governor DeSantis will do what is necessary to hold the FPSC fully accountable !

Thank You.

RE: FPSC Inquiry 1402730C

Dear Mr. Walsh:

The Governor's office forwarded a copy of your E-mail regarding Florida Power & Light Company (FPL) to the Florida Public Service Commission (FPSC). The FPSC regulates investor-owned electric, and natural gas utilities throughout the state, and investor-owned water and wastewater utilities in those counties which have opted to transfer jurisdiction to the FPSC. The FPSC has authority in the telephone industry which is limited to the Lifeline Assistance Program, Florida Relay Service, and pay telephone service. We appreciate the opportunity to respond directly to you.

As we advised in previous E-mails to you, the FPSC approved Florida Power & Light Company's general base rate settlement agreement in Order No. PSC-2021-0446-S-EI, issued on December 2, 2021, in Docket No. 20210015-EI. The settlement agreement was entered into by FPL and various parties representing consumers, including the Office of the Public Counsel (OPC) who **advocates** on behalf of Florida consumers **?????**. The settlement agreement includes numerous provisions with regards to FPL's base rates through the end of 2025.

The agreement also contained a provision that raised the minimum bill charge to \$25.00 for all residential and general service non-demand customers. The minimum bill provision went into effect in June 2022. There was no provision to exempt any class of service or customer from the minimum bill charge. As a result, we **cannot compel** FPL to remove the minimum bill charge for those bills that do not reach the **\$25**. minimum billing threshold **???**

We have added your concerns to our files as a protest to the FPL's Rate Case, docket 20210015.

If you have any questions, please contact Ms. Ellen Plendl at 1-800-342-3552 or by fax at 1-800-511-0809.

Sincerely,

Shonna McCray
