Subject: Docket No. 20220001-EI: Reject the new electric rate hikes!

Florida Public Service Commission Clerk,

Docket No. 20220001-EI

I am writing as a highly concerned Florida resident and an electricity customer. I received notification that FPL, Duke and Tampa Electric intend to increase rates for customers like me. I am strongly urging you to please reject these proposals and not increase our bills.

This past year has been extremely challenging financially for many people in the state of Florida. A rate increase is the very last thing we need, especially for vulnerable individuals on a fixed income or who are struggling to recover financially from the pandemic. We are all inundated with price increases on everything.

I urge you to please reject these rate increases!

How many rate increases are you going to approve? When is enough enough? When will you stand up for your own mission of setting fair rates?
