Subject: Docket No. 20220001-EI: No new electric rate hikes!

Florida Public Service Commission Clerk,

Docket No. 20220001-EI

I am writing as a concerned Florida resident and a electricity customer. I received notification that FPL, Duke and Tampa Electric intend to increase rates for customers like me. I am urging you to rethink this decision and not increase our bills.

This past year has been extremely challenging financially for many people in the state of Florida. A rate increase is the last thing we need, especially for vulnerable folks who may be on a fixed income or struggling to recover financially from the pandemic. We are all inundated with price increases on everything.

I urge you to reject these outrageous rate increases at this time.

While I am part of Gkades Electric Cooperative. I believe they purchase the power from FPL. I am a disabled senior. Prior to covid , so 2,years ago my bill for my 1500?sq ft home had

risen to a very high 175 a month. Since then they are now 350-375 per month . . . How can this be fair?
