Subject: Docket No. 20220001-EI: Reject the new electric rate hikes!

Florida Public Service Commission Clerk,

Docket No. 20220001-

Energy companies' profits in Florida are in the trillions. Yet they are asking their customers to pay more. Please side with the average citizens by rejecting their ridiculous requests.

Another electricity rate increase would unfairly burden the public. Many are struggling as it is right now. So please tell Florida Power and Light that a rate increase at this time is out of the question.

Thank you in advance for your consideration and compassion for us.

I urge you to reject these rate increases.
