NOTICE TO CUSTOMERS

Pursuant to Section 367.091(5), Florida Statutes, Ni Florida petitioned the Florida Public Service Commission (“Commission”) for approval to establish new classes of service for bulk wastewater service for two entities within its certificated service territory, Shadow Wood West and Shadow Wood Village. Ni Florida, Inc.'s Hudson system purchases bulk wastewater service from Pasco County.

On August 24, 2022, the Commission acknowledged receipt of the Application for approval of new classes of service for bulk wastewater service. The Commission staff reviewed the application and proposed tariff sheets for accuracy and notified Ni Florida that the application was complete on September 29, 2022.

Proposed rates for the two bulk customers are designed consistent with the methodology established in Ni Florida’s last rate case for manufactured homes’ bulk wastewater service rates, as approved in Order No. PSC-2016-0525-PAA-WS. The base facility charge (BFC) is based on respective Equivalent Residential Connections (ERCs), which were determined using a 0.8 factor applied to the number of homes behind the meter. The existing bulk service gallonage charge of \$9.27 was proposed. Attached to this notice are the proposed tariff sheets containing bulk wastewater service rates.

The Commission approved the proposed tariffs containing the bulk service wastewater rates as filed on November 1, 2022.

These rates will be effective for service rendered on or after the stamped approval date of the tariffs pursuant to Rule 25-30.475(1), Florida Administrative Code (F.A.C.) and will appear on your bills after that date.

Sincerely,

Ni Florida, Inc.
