Subject: Docket No. 20220001-EI: Reject the new electric rate hikes!

Florida Public Service Commission Clerk,

Docket No. 20220001-EI

I am an FPL customer in South Florida. I received notification that you will soon be considering proposals from FPL, Duke, FPUC and Tampa Electric to increase our electricity rates next year. I have already noticed an increase rates since last year (less usage due to energy saving steps I have taken, yet higher bills). I was surprised to see that even more increases are being considered.

Will you please stand up for your own mission of setting fair rates for consumers in Florida? Another electricity rate increase is the last thing we need, especially for vulnerable folks like me who are on a fixed income and inundated with price increases on everything.

I urge you to reject these rate increases.

Thank you!

George Seymore
