Florida Public Service Commission Clerk,

Docket No. 20220001-EI

I'm writing to ask everyone to consider the impact of rate hikes for Floridians. The power companies are monopolies that have made record profits, but the people of Florida are supposed to pony up anyway?

I am a disabled single mom to a disabled teenager - to say we are living on a budget doesn't even come close. I'm struggling to pay my power bill as it is, and now I'll be expected to cover their expenses when they can't even keep my power on during a normal rain storm? No thank you.

Let the shareholders go without, like the rest of us have to.

Thank you for the time

Brenda Ash
