Date of Planned Service Discontinuance:

Effective on or after January 26, 2023, pending regulatory approval, T1 Access Channel Services will be discontinued and will no longer be available for purchase by new or existing customers in the geographic area described below.

Points of Geographic Areas of Service Affected:

AT&T Corp. will no longer offer T1 Access Channel Services in areas of Florida impacted by the Frontier copper retirement activity described in notice numbers CCBFTR02036A, CCBFTR02039, CCBFTR02040, CCBFTR02041, CCBFTR02042 (the “Frontier Copper Retirements”).³

Brief Description of Type of Service Affected:

T1 Access Channels transmit digital signals at speeds up to 1.54 Mbps. AT&T Corp. is discontinuing T1 Access Channels in the areas impacted by the Frontier Copper Retirements, because AT&T Corp. relies on facilities being retired by Frontier to provide T1 Access Channels.

Consistent with 47 C.F.R. § 63.71(i), AT&T Corp. submits this application to the Commission more than 40 days prior to the planned copper retirement effective date of January 26, 2023⁴ and certifies by the Certification in Attachment B of this Application that the planned

**Important Notice Regarding
Local Channel Service / T1 Access Channel Service
Discontinuance of Service Effective 01/26/2023
(Resend of original letter dated 11/15/2022 to include impacted circuit detail)**

Dear AT&T Valued Customer,

Thank you for using AT&T for your business needs. AT&T Corp. is discontinuing services associated with T1 Access Channel Service at the locations listed in Attachment A (Affected Service)¹. This discontinuance is due to the local access provider shutting down local T1 service in these areas.

Our records indicate at least one of the Affected Services is purchased under the Master Customer Number: [REDACTED]

Effective 01/26/2023, pending regulatory approval where such approval is required, the Affected Services will be discontinued within AT&T Corp.'s service areas located in Attachment A (where these service components are offered). Affected Services need to be migrated to an alternative AT&T service, another provider, or otherwise disconnected prior to 01/26/2023 to avoid service interruption.

AT&T recommends Ethernet Access Channel access to AT&T Virtual Private Network (AVPN) and AT&T Switched Ethernet Service with Network on Demand. Other options may also be available, so please work with your AT&T sales representative to determine the best solution for your company.

Once again, AT&T values your business and would be pleased to work with you to transfer the service to another AT&T service. AT&T services offer multiple speed options and newer technology, and you'll still get all the same expert advice, guidance, and service that you expect from AT&T.

If you have any questions concerning this notice, please contact your Account Representative or contact an AT&T representative at the number located on your bill. Your AT&T representative can help you identify alternative services and solutions that meet your business communication needs.

This notice does not affect other services that you may have with AT&T. If you have recently renewed the Affected Services covered in this letter, this Notice of Discontinuance supersedes the renewal. AT&T will waive any early termination charges associated with discontinuance of service.
