Subject: Electric bill raise

Good evening commissioners,

I am writing to you to voice how disappointed I am on these raises, one of many, in the electric bill. Raises that are going on without any regulations and especially not considering how high the cost of life is for people in Miami already. I am a single mother. Monthly expenses like rent, water, electric and +, is making ends meet extremely difficult. We need you to make decisions that benefit the people, not the companies. We, the people, want to see this city and our state to flourish. That doesn't happen when the poverty levels grow indiscriminately.

Please. Help the people.

Liliana Ramirez
