In re: Petition by Florida Power & Light
Company for Base Rate Increase and Rate
Unification

Docket No. 20210015-EI

Filed: January 30, 2023

**FLORIDA POWER & LIGHT COMPANY’S FIRST REQUEST FOR EXTENSION OF
CONFIDENTIAL CLASSIFICATION OF CERTAIN INFORMATION PROVIDED IN
ITS RESPONSES TO VOTE SOLAR’S SECOND REQUEST FOR
PRODUCTION OF DOCUMENTS NOS. 61 AND 76**

Pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company (“FPL”) hereby submits its First Request for Extension of Confidential Classification of certain information provided in its responses to The CLEO Institute and Vote Solar’s (“Vote Solar”) Second Request for Production of Documents Nos. 61 and 76 (the “Confidential Information”). In support of its Request, FPL states as follows:

1. On June 14, 2021, FPL filed a Request for Confidential Classification of the Confidential Information, which included Exhibits A, B, C, and D (“June 14, 2021 Request”). Document No. 04813-2021. By Order No. PSC-2021-0278-CFO-EI, dated July 29, 2021 (“Order 0278”), the Commission granted FPL’s June 14, 2021 Request. FPL adopts and incorporates by reference the June 14, 2021 Request and Order 0278.

2. The period of confidential treatment granted by Order 0278 will soon expire. The Confidential Information that was the subject of FPL’s June 14, 2021 Request and Order 0278 warrants continued treatment as proprietary and confidential business information within the meaning of Section 366.903(3). Accordingly, FPL hereby submits its First Request for Extension of Confidential Classification.

3. All of the information designated in Exhibits A and B to the June 14, 2021 Request remains confidential. Accordingly, those exhibits will not be reproduced or reattached here. Regarding First Revised Exhibit C, all of the information listed in the June 14, 2021 Request

remains confidential; the Exhibit is revised only to identify Andrew Whitley and Timothy Oliver as new declarants, who are sponsoring information that was previously sponsored by Steve Sim and Matthew Valle, respectively.

4. Also included is First Revised Exhibit D, which consists of the declarations of Andrew Whitley and Timothy Oliver in support of this Request.

5. The Confidential Information is intended to be and has been treated by FPL as private, its confidentiality has been maintained, and its disclosure would cause harm to FPL and its customers. Pursuant to Section 366.093, Fla. Stat., such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

6. As described in the declarations included as Exhibit D, the Confidential Information consists of information relating to competitive interests, the disclosure of which would impair the competitive business of FPL, as well as information bids or other contractual data, the disclosure of which would impair the efforts of FPL to contract for goods or services on favorable terms. Specifically, some information consists of system load projections, and other information contains vendor bids for construction projects. This information is protected by Section 366.093(3) (d) and (e), Fla. Stat.

7. Upon a finding by the Commission that the Confidential Information is proprietary confidential business information, the information should not be declassified for a period of at least eighteen (18) months and should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business. *See* § 366.093(4), Fla. Stat.

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials and declarations, FPL respectfully requests that its First Request for Extension of Confidential Classification be granted.

Respectfully submitted,

FLORIDA POWER & LIGHT COMPANY

Docket No: 20210015-EI

DECLARATION OF TIMOTHY OLIVER

1. My name is Timothy Oliver. I am currently employed by Florida Power & Light Company ("FPL") as Vice President of Development. I have personal knowledge of the matters stated in this written declaration.

2. I have reviewed the documents referenced and incorporated in FPL's Request for Confidential Classification, specifically the materials provided in response to Vote Solar's Second Request for Production of Documents, No. 76. The documents or materials that I have reviewed and which are proprietary confidential business information concerning bids or other contractual data the disclosure of which would impair the efforts of FPL to contract for goods or services on favorable terms. Specifically, the information contains vendor bids for construction projects. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. Nothing has occurred since the issuance of Order No. PSC-2021-0278-CFO-EI to render the designated information stale or public, such that continued confidential treatment would not be appropriate. Therefore, consistent with the provisions of the Florida Administrative Code, such materials should remain confidential for a period of at least an additional eighteen (18) months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue maintain the confidentiality of these documents.

4. Under penalties of perjury, I declare that I have read the foregoing declaration and that the facts stated in it are true to the best of my knowledge and belief.

Timothy Oliver

2. I have reviewed the documents referenced and incorporated in FPL's Request for Confidential Classification, specifically the materials provided in my response to Vote Solar's Second Request for Production of Documents, No. 61. Specifically, it contains system load projections. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. Nothing has occurred since the issuance of Order No. PSC-2021-0278-CFO-EI to render the designated information stale or public, such that continued confidential treatment would not be appropriate. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue maintain the confidentiality of these documents.
