**Subject:** Rates increasing

To whom it may concern

In response to the news that FPL and Duke are requesting increasing customer rates. I am a Duke customer and Duke is a for profit company. They should anticipate issues and budget accordingly each year. The citizens of Florida should not be required to pay for their incompetence. As they are a for profit they are raising our rates to provide profits to their shareholders. Not my problem.

I encourage you to deny the outrageous 20% increase they are requesting. There should be 0% increase approved. I have to budget for the horrible economy we are in and they are no different. Again, please deny the requested increase.
