COMPLAINT INFORMATION

Complaint: Other Complaints against Florida Power & Light Company

Details:

I'm very angry about Florida power and light rate increases! I cannot afford to run my air conditioner anymore, and I can barely afford to have a refrigerator! Another rate increase would put a great undo strain on a lot of families cannot afford it. Florida Power & Light has record-breaking profit.They do not need any rate increase! Tell them they could put a crowbar in their wallet and pay for it themselves. What they're feeding you is a line a bowl saying they need to pay for hurricanes. They already have enough to pay for it without an increase.Greedy, money, grubbing, uncaring, thoughtless people, and you are letting it happen!! you were supposed to protect the consumers, not fleece them until they're all dead!
