Subject: FPL .s proposed rate increase

We all went thought the same storm and have had to adjust to all the rate increase all the while our pay checks have not increased . we all have rising cost . I don't see how they can justify a rate increase for a natural disaster when I'm sure they have gotten money from the government seems like they want to double dip. So please reject their rate increase. Maybe have them pay there top people less that way they can save some money.

Sincerely,

David Flores
