**Subject:** HIGH ELECTRIC BILLS  
**Importance:** High

Dear Sirs,

Thanks to you - allowing and giving the “approval” to Duke Energy to raise the Electric rates - as a 75 year old retired person whose only income is from Social Security and who is ALSO fighting Cancer and going through Chemo Therapy which is like “Rat Poison” and trying to “survive” the side effects of it and “paying” for the Doctors and medicines required - while also trying to pay for food - gas - etc,,, - and ALL the other INCREASES being allowed by our “so called” Government - I am at the final end of having to cut out some Medical needs that the Doctors say I need - along with buying less food and getting sicker and sicker while being “Gouged” to pay Electric Bills APPROVED by your Commission.

Because of what you have done to give Duke Energy ALL THE MONEY they want - your are slowly KILLING me and many other people in Florida in the same situation as me.

Thank you for KILLING me slowly - but surely.

I hope that you all DIE!!!!!!

Cordially,

Anthony Chaplinsky Jr.
