**Subject:** Revoke FPL's charter

Dear Chairman Fay,

I'm writing to urge you to begin an immediate investigation into Florida Power and Light in order to determine whether its charter to operate in the state of Florida should be revoked.

As you are surely aware, FPL CEO Eric Silagy stepped down suddenly after highly credible allegations of campaign finance violations, media manipulation, and the surveillance of critical journalists:

<https://www.npr.org/2023/01/25/1151453870/fpl-florida-power-ceo-eric-silagy>

To call this behavior un-democratic would be a massive understatement. FPL, it seems clear, is more than willing to violate the public trust, game the political system, and do anything and everything to increase its profits - all on the dime of ratepayers who have no choice but to pay them for their power.

A company so blatantly working against the public interest can no longer be allowed to do business in Florida.

Please take swift and sweeping action to investigate FPL and determine whether it is necessary to revoke their charter, as clearly seems to be the case.

Sincerely,

Brian K Sutton
