Subject: Increase Cost in Utility Bills

Dear Commissioner's;

Today I got the notice from Duke Energy that they had applied for an increase due to energy cost. This is ridiculous at this time in our Country where inflation is out of control, due to existing Whitehouse occupants. Duke got an increase back before Trump became President, and when costs went down for fuel, we never got a decrease in our costs for electric. The increase in costs recently by Duke has already doubled my electric cost, and they want more. I happen to be on a fixed income, any increase I received for COLA has since been eaten up by increased grocery costs, utility cost, somewhere this nonsense must stop. Please I beg of you do not allow any utility company any increases.
Respectfully,
Stephanie A Cox
