Re: Duke Energy Utility Rate Hikes

Dear Sir or Madame,

I just received my residential (RS-1) invoice from Duke Energy. I used 420 kWh of electricity for the month of February and my invoice was \$77.00.

In February 2022 I used 465 kWh of electricity and my invoice was \$73.00.

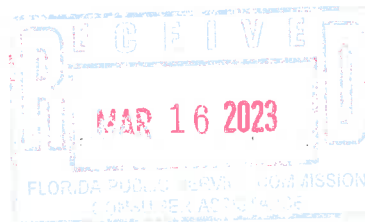

I used 45 kWh LESS electricity and my invoice is \$4.00 MORE this month.

Eventually these continual rate increases by Duke Energy will be unsustainable for us (the customers of Florida).

I ask the Commission to deny these many rate increases to Duke Energy and to hold down costs for electricity in Florida. Thank you for your time.

Sincerely,

Jules Abercrombie
