**Re: Florida Public Utilities Company**

Dear Ms. Keating:

On May 24, 2022, a petition was filed by Florida Public Utilities Company, Florida Division of Chesapeake Utilities Corporation, Florida Public Utilities Company – Fort Meade Division, and Florida Public Utilities Company – Indiantown Division for a permanent rate increase and to consolidate the four natural gas utilities into one utility operating under the name Florida Public Utilities Company (FPUC). Pursuant to Order No. PSC-2023-0103-FOF-GU, issued March 15, 2023, the Commission approved FPUC's proposal to consolidate its cost of service and to combine the four natural gas utilities into a single unified utility under the name Florida Public Utilities Company.

The new rates and charges approved in the above referenced Order became effective on March 1, 2023. As the four formerly separate divisions have been consolidated and will no longer be functioning as separate entities, effective March 1 FPUC may combine accounting records and Earnings Surveillance Reports. Please let me know if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Andrew L. Maurey".

Andrew L. Maurey  
Director
