CUSTOMER COMMENTS

I do not think the proposed increase is justifiable. The water either smells bad or is so high in chlorine that it fades my laundry. We are afraid to drink it, so we already have the added expense of buying drinking water. I have ~~two~~ filters and it still tastes like crap. It was already 3 times higher than the good water I had in Virginia before I moved here and I could drink that H₂O straight from the faucet. I have a degree in chemistry and my 1st job was water testing. If given the option, I would switch to city of Ocala for water immediately.

Any email or other correspondence sent to a Florida Public Service Commissioner, or any other public official and/ or employee of the PSC, in the transaction of public business is considered a public record and is subject to Florida's Public Records Law. This means that Florida law generally requires the PSC to provide a copy of any such email or correspondence, upon request, for inspection and copying to any Florida citizen or to any member of the media.
