Docket No. 20230035-EU – Joint petition for approval of temporary territorial variance, by Duke Energy Florida, LLC and Peace River Electric Cooperative, Inc.

Issue 1: Should the Commission approve Duke and PRECO’s joint petition for a temporary territorial variance?

Recommendation: Yes. The Commission should approve Duke and PRECO’s joint petition for a temporary territorial variance, entered into by the Parties on February 28, 2023, because it is in the public interest and will avoid uneconomic duplication of facilities. For the term of the variance agreement, Duke will temporarily serve the mining load south of SR 64 in the eastern expansion project area until the mining project is completed. The mining project south of SR 64 is estimated to begin in 2024 and continue until 2028. The Parties should notify the Commission once the mining operations subject to the variance are concluded.
