Dear commissioners

My electric keeps going up higher. Two rate increases this year alone. Who pays your bills that you can afford this? The tiered rates are a crime and your approval of them is nasty. Every time there is storm damage they come crying and you give them more.

It's time for this to stop. At least require them to put ALL service underground, something that will reduce storm damage and lower costs and company demands for more and more money.

AND get rid of tiered rates.

Thank you
