Hi Greg,

Please see attached notice. Please note that this is a compliance measure, and that there is not expected to be a large numbering order in the near future.

We have been ordering resources using our existing CLEC certification, and have recently been advised by the PA that we must use the IPES process for some of our orders where we are using the modern IP technology for interconnection instead of using the CLEC process. This notice is intended to comply with that requirement both forward and backward-looking.

Thank you!

Mike

NOTICE OF INTENT TO OBTAIN IPES NUMBERING RESOURCES

Pursuant to the Federal Communications Commission's FCC 15-70 Order, allowing interconnected IPES providers to obtain resources directly from the North American Numbering Plan Administrator and/or the Pooling Administrator, Terra Nova Telecom, Inc hereby notifies this Commission of its intent to request the resources identified herein. We are providing this notice at least 30 days prior to requesting numbers from the Numbering Administrators, and we understand that we must provide any changes to the contact information within thirty (30) days.

We intend to request contaminated blocks wherever possible to conserve resources, and may not request resources immediately in areas which have no available blocks. Our OCN is 145J. All requests will be for a single 1000 block and no new codes unless shown below as LRN needed.
