Subject: FPL Rates

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good morning,

There has been a ridiculous increase in FPL rates and billing every month despite doing everything possible and as instructed by FPL. I have invested in FPLs solar power, I keep my AC around 75-76 daily except at night, etc.

There is only 2 people in my home and we are barely home.

I would like to put in a formal complaint against FPL for their business practices and exorbitant prices. I believe they are price gouging our communities.

What can be done about this???

Respectfully,

Katherine Barnet RN, BSN
