John,

Please send to clerk's office. I am awaiting your response. Case# 1426874C, I will add your notes to CATS once I receive an email back from you.

Thanks

Consina

Please explain to the many folks on our local "NEXT DOOR" why electric rate hikes were approved and what is the detail plan for the increases in revenue??

If they want to continue building "solar" I don't care. But I don't want to pay for it.

I will pass the information along to our local citizens in Tampa who have been screaming about their electric bills with good cause.

One lady said she was in Frankfurt where they continue to use coal and somehow manage to have electricity, clean air, and water ways.

I'm all for that!
