- > Up front I want to voice my opinion on why we do not want a sewer at this present time.
- >
- > After reading over the proposal my first comment is "This proposal is a solution looking for a problem."
- >
- > Why I am against this:
- > A. I do not believe at this time we have a problem on sewerage that needs addressing. No proven reason why we need it.
- > B. If we need a sewer that should be up to the county to address and to tax us accordingly .
- > C. Uncertain Hook-up Cost:
- > D. No contract...normally for this type of construction there is a general bid. EU is not a contractor that has won a bid to install sewer.
- > E. No performance bond required.
- > F. EU has not shown that he has the expertise for this type of project.
- > G. The scope of this project would be large...disruption of traffic flow on the island would be horrible. We are accessed only by ferry.
- > H. No compensation for the easements that would be from the house to the road.

>

> Commissioner, I would ask that you deny this 1/2 baked idea be shelved until we have a problem that needs to be solved. And not let someone who thinks we have a problem for him to solve. Please deny the EU application.
