Kathleen Sickles
130 Kettle Harbor Drive
Placida FL 33946
Don Pedro Island
Kathysickles@optonline.net

I am writing to object to Environmental Utilities LLC and their certification for a central sewer system. I strongly appose the need for sewers on our islands. I have been on Don Pedro island for twenty years in two different homes and have never had any problems with the septic systems. I am retired and on a budget that would not be able to handle the added expenses involved in this project. There has not been any environmental problems caused by having septic systems, but I fear the altering of our properties and streets needed to complete this project would have a devastating effect on our environment. We are a quiet community extremely interested in preserving its natural beauty and do not need a disruption for something totally unnecessary.
