**PPC and FPUC’s Responses to Staff’s Second Data Requests**

- 1. Referring to response #12 in staff’s first data request, please identify the section of the amendment containing the new 20-year term.**

Company Response:

Please refer to the second “Whereas” clause of the amendment, which states “the Parties desire to amend the Agreement to extend the term of the Agreement...”. In Section 4.1 of the agreement, the 20-year term begins on the “In-Service Date,” which by definition is tied to the commencement of commercial operations. The amendment adds new “Segment In-Service Dates” to the agreement, which are tied to the commencement of commercial operations of each new Segment. In effect, therefore, the amendment extends the original 20-year term by the difference between the original “In-Service Date” and the last “Segment In-Service Date.”

- 2. If the 20-year term is not described in the amendment, please explain where the Parties have agreed to this provision for this and/or future amendments.**

Company Response:

Please see Response above.
