Subject: RE: RE. Docket #20240032-SU

Good Afternoon, David and Amelia Kroslak.

We will be placing your comments below in consumer correspondence in Docket No. 20240032, and forwarding them to the Office of Consumer Assistance and Outreach.

Thank you!

Toni Hover

To Whom it May Concern,

It has been brought to our attention that there is an interest for a private for profit utility company wanting to bring central sewer to Little Gasparilla Island. We own a home on LGI (9622 Pieces of Eight Trail), we are very disappointed to hear this. Why would we dig trenches to install pipes and disturb and destroy the pristine and beautiful island for no reason at all. Our septic systems are working perfectly fine and are easy to maintain. Another concern is that this company is private, would there be any oversight from the county on pricing and maintenance. This is a new Company, what kind

of experience do they have, how long have they worked in this field? Lots of questions before someone just comes in and destroys the island?

Why is there not a vote to see if the islanders even want central sewer on the island? Please consider hearing the voice of the Homeowners before approving a Company to profit on something that is absolutely not wanted or needed. Please deny the EU's application for wastewater service.

Thank you
Regards,

David and Amelia Kroslak
